With reference to 891 invites his attention to &

Orders were issued as above (No. 9-725-03
dated 10th August 1903). Meanwhile the
Inspector General forwards with his letter
No. 820 dated 29th July 1903 a copy of letter
dated the 25th idem from the Dist. Magr.,
Shimoga, suggesting for consideration another
alternative proposal, viz to construct the new
lock-up in the premises known as the Muni-
cipal Cart-stand. This is reported to have
many advantages over the other proposal, viz
to convert a portion of the old jail buildings
into a lock-up. The cost in both cases is
the same.

I inspected the several buildings and sites
in question on the 12th instant in company with the
Officiating Senior Surgeon and ~~the~~ Inspector General
of Prisons (Col. J. Smyth), the Officiating Deputy

Deputy Commissioner and District Magistrate (Mr.N.Venkata Rao) the Medical Officer in charge of the Lock-up (Mr.M.W.Sreenivasiah) and the District Forest Officer (Mr.Venkatnarnappa). All of us are agreed that it would be not only extremely inconvenient but also a mistake to locate both the Lock-up and the Sandal Kot in the same building i.e. the old jail building, and that moreover the distance so far as the Lock-up is concerned is prohibitive. Likewise in the opinion of all of us the Workshop outside the jail has practically to be rebuilt so as to suit the requirements of a Lock-up and is liable to the same objection on the score of distance as the jail building, of which it is an appanage. The third site proposed by Mr. Puttanna Chetty is quite ineligible, as it is in a hollow with insanitary surroundings.

The several proposals before Government having thus been found unsatisfactory, we inspected certain other sites with the result that we succeeded in selecting an excellent one behind the Munsiff's Court and Police offices and in the same compound as the District office. Besides being high and dry it has all the advantages referred to in Mr. Puttanna Chetty's letter of the 25th July last and is in every way unexceptional. An ordinary building capable of holding 30 persons and containing separate wards (1) for Civil Prisoners, (2) for Criminal ~~Prisoners~~ Convicts, male (3) for Criminal Convicts female, (4) for Undertrials male, and (5) ^{for} Undertrials female, may, I think, be built on this site. Provision for a Guard Room and one or two Kitchens &c. should of course be made as usual -- a building somewhat like the rear portion of the Chitaldrug Jail building which I inspected the other day, will sufficiently meet all reasonable requirements.

I believe this year's Budget contains an initial provision of Rs.5,000/-. A Barr Guard at an enormous cost is being kept on in spite of the reduction of the jail to a Lock-up and the sooner it is dispensed with by the erection of a new building for a Lock-up the better. May I beg that the D.P.W. be asked to kindly take

take very early action on the lines indicated above.
 The adaptation of the ~~old~~ old jail building for the
 Sandal Koti must await the removal of the Lock-up
 to a new building.

From

To

Lt.-Colonel J.Smyth M.D., I.M.S.,

Inspector General of Prisons in Mysore.

Sir,

With reference to the construction of the new District Lock-up at Shimoga, I have the honor to suggest for your consideration an alternative proposal, viz., to construct the new Lock-up in the premises known as the Municipal cart stand. This latter has several advantages over the work shop attached to the Jail building, which it is now proposed to convert into the District Lock-up. It is nearer to the Town. The cost of building will be the same in both cases. The Medical Officer will be better able to look after the convicts and all affairs connected with the Lock-up. The Lock-up guards can conveniently live in the Town. The Police Station is quite close to this place. The cart stand is not much used now and I think it can be bought over from the Municipality. I would prefer the Lock-up being built here.

I have the honor to be,

Sir,

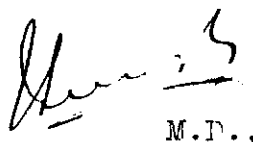

Your most obedient servant,
